

Autism Ambassador

Southampton - Hampshire
Isle of Wight - Portsmouth

An Autism Ambassador in every school?

Make your school more Autism-friendly

'the smallest change can make the biggest difference'

Autism Ambassador is a scheme launched by the Autism Partnership Boards of Hampshire, Portsmouth, Southampton & Isle of Wight to enable all our communities to become more Autism-friendly.

An Ambassador in every school initiative is about every school in our region having an awareness/basic understanding of autism and looking at any reasonable adjustments necessary to make schools accessible to people with autism (whether they be students, staff, parents or visitors).

The volunteer Ambassador can be any member of staff or a governor.

The commitment is one day's free training a year plus whatever they can achieve in their schools during the year.

For more information please visit: www.ascambassador.org.uk

Volunteers will be introduced to the Ambassador role, receive Autism awareness training, pledge how they will make a difference and meet fellow Ambassadors.

Tuesday 5 September 2017

at Adult & Community Learning Service, Westridge, Brading Road, Ryde,
Isle of Wight, PO33 1QS from 9.30am to 3.30pm

To register your interest to take part in this fantastic project, please email
